

## SOREX Door Fingerprint

### Un-/locking doors via fingerprint

The SOREX Door Fingerprint enables keyless access to buildings or rooms using your fingerprint. With this particular type of access-control, the loss or theft of keys and other opening devices is impossible. The system is capable of identifying up to 150 different users' fingerprints, which can be authorized and added by the three administrators only. This innovative system learns subtle change in the structure of the users' fingerprint automatically, for example changes that take place during an individual's growth. Therefore, it is also an ideal practical option for children. The SOREX Door Fingerprint can be combined with any electronic lock available on the market.

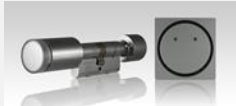

Article-No.	Product Name	Short Description
DO201000	SOREX Door Fingerprint	Biometric access system; user identification via fingerprint

## Technical Details

- Number of manageable user: up to 150 users
- Number of manageable administrators: 3
- Supply voltage: 8 – 24 Volt, DC
- Relay output: Max. 24 Volt DC, 500 mA
- Operating temperature: -20°C to +85°C
- Dimensions: 44 x 75 x 29 mm
- Colors: Polished stainless steel, other colors are available at an additional charge

## Additional Products

Article- No.	Product Name	Short Description	
DO201001	SOREX Door flush-mounted box for SOREX Fingerprint, stainless steel	Flush-mounted version of the SOREX Door Fingerprint.	
DO202002	SOREX Door surface-mounted box for SOREX Fingerprint, stainless steel	Surface-mounted version of the SOREX Door Fingerprint.	
DO202030	Varios Colors	Various other Colors are available at an additional charge.	
DZ201000	SOREX Digital Cylinder with wireless link, battery-operated	Battery operated turning knob-cylinder; can be opened by the Door Phone & Code through the wireless link device.	
ES101000	SOREX Electronic Lock with simple locking system, battery-operated	Self-locking electronic lock, can be opened by the Door Phone & Code.	
ES201000	SOREX Electronic Lock with multiple-locking system, wired	Automatic multiple locking system, can be opened by the Door Fingerprint.
