

SOREX FLEX - Fingerprint cylinder

Battery operated digital cylinder for door releases with fingerprints

The SOREX battery-operated SOREX FLEX - Fingerprint cylinder enables you to lock and unlock your doors by means of fingerprints. The installation of this product is easy; simply change the existing key-lock cylinder for the SOREX digital-cylinder, there is absolutely no need to replace any of your existing doors. The length of the cylinder can be adjusted to fit a wide field of different doors, thus it can be easily reused. The fingerprint is simply held in front of the reader on the doorknob and upon identification the door locks or unlocks itself.
